Referring to the recent agreement between the provincial and federal government to adopt a policy of voluntary restraint to fight inflation, Mr. Robarts concludes his letter by saying; "... I would like to emphasise to you as strongly as possible the importance of conveying to all members of your university community the Government's determination to make this voluntary approach effective, if at all possible, in the hope that more stringent measures will not be necessary."

Should this occur, arrangements have been made for alternative means of collection and delivery of Urgent 1st Class Mail to points outside Canada, to all Ontario Universities with the exception of Lakehead and Laurentian, and to Provincial Government Offices in Toronto, and Federal Government Offices in Toronto and Ottawa.

The Library and the Department of International Affairs have agreed to allow Departments the use of their Telex Machines provided that such requests are accompanied by Works Requests.
