* A number of persons have questioned the recently announced operating year (July 1st - June 30th) for parking permits. They note that their 1969-70 permit carries the statement: "Expires 31 Aug. '70". This was definitely an error in printing and as soon as the error was noted the line was cancelled on all subsequent permits issued. The July 1st - June 30th year, used at York from the outset, will continue to be used and it would be appreciated if members of the community would observe this practice and take the necessary steps to obtain their 1970/71 permits as soon as possible.

GENERAL

* In view of the limited funds available for the provision and maintenance of parking facilities, the Presidential Advisory Committee on Parking has recommended that access to the inner areas of the York Campus should be by St. Lawrence and Ottawa Blvds. only. Access to all peripheral lots will still be available from Keele Street and Steeles Avenue, but it will not be possible to enter Fraser Drive via Niagara Blvd. ("J" Lot), Thompson Blvd. ("D" Lot), or York Road. Gatehouses at these locations will not be manned, thus effecting a substantial saving in operating expenses. It is anticipated that the above action will also reduce the congestion in reserved parking lots and in other restricted areas.

The Director of Safety and Security Services advises that effective August 31st., 1970, the above recommendation will be implemented between the hours of 8:00 a.m. and 8:00 p.m., Monday to Friday. At other times all entrances to Fraser Drive will be open, as at present.

* The fee for daily parking is now 50¢.
