GENERAL

- * Any member of York University's Academic or Administrative staff planning to visit the United Kingdom (or who are currently visiting) is asked to register with Mr. W. Farr, Room S945, the Ross Building. The Association of Commonwealth Universities publishes the List of Academic Visitors to the United Kingdom (three issues a year) to answer in a systematic manner the many enquiries received at the A.C.U. Offices; the List has now a wide circulation among universities, learned and professional societies, and other organizations in the United Kingdom. Please forward information to Mr. Farr's office as soon as possible - deadline is September 24th, 1971.
- * The new York Telephone Directory will be issued November 1st. It is important that details of all existing changes which affect the alphabetical listings in the Directory be given to the Communications Co-ordinator, Room 56, T.O.B. (local 2337) as soon as possible. A Notification of Listings Change form is available for this purpose, and these should be returned no later than August 27th in order to be incorporated into the main draft of the new directory. Additional changes may then be submitted as they occur up until the cut-off date of September 17th. Departmental listings for the Directory are also required by these dates. The new format will be aimed at making these as uniform as possible in appearance and a typical layout will be sent to each department within the next few days. This should be followed as closely as possible by all departments when submitting their own listing requirements. It will not be possible to allow any extension of the September 17th cut-off date for inclusion in the Directory, and therefore the co-operation of all departments is vital to the success and accuracy of this new edition.
- * In order to reach an attendant on the Dial Dicta System (on campus) all users must now dial 9 instead of 0.

- please turn over -

GENERAL (cont'd.)

* Members of the York Community are asked to note the directional signs posted at the traffic circle in front of the Behavioural Sciences Building. Vehicles will travel in a clockwise direction around the circle only.

- * The York Telephone Directory will be issued November 1st. It is important that details of all existing changes which affect the alphabetical listings in the Directory be given to the Communications Co-ordinator, Room 56, T.O.B. (local 2337) as soon as possible. A Notification of Listings Change form is available for this purpose, and these should be returned no later than August 27th in order to be incorporated into the main draft of the new directory. Additional changes may then be submitted as they occur up until the cut-off date of September 17th. Departmental listings for the Directory are also required by these dates. The new format will be aimed at making these as uniform as possible in appearance and a typical layout will be sent to each department within the next few days. This should be followed as closely as possible by all departments when submitting their own listing requirements. It will not be possible to allow any extension of the September 17th cut-off date for inclusion in the Directory, and therefore the co-operation of all departments is vital to the success and accuracy of this new edition.
