TTC BUS SERVICE ON CAMPUS

A resolution moved by Controller Barbara Greene of North York, and approved by the North York Council on May 28, requested that the TTC extend its on-campus bus route so that the four graduate residences would have better access to the service the TTC already provides on campus. The request for this service was approved by the TTC on June 12 and the new routing will go into effect on Sunday, July 22, 1973.

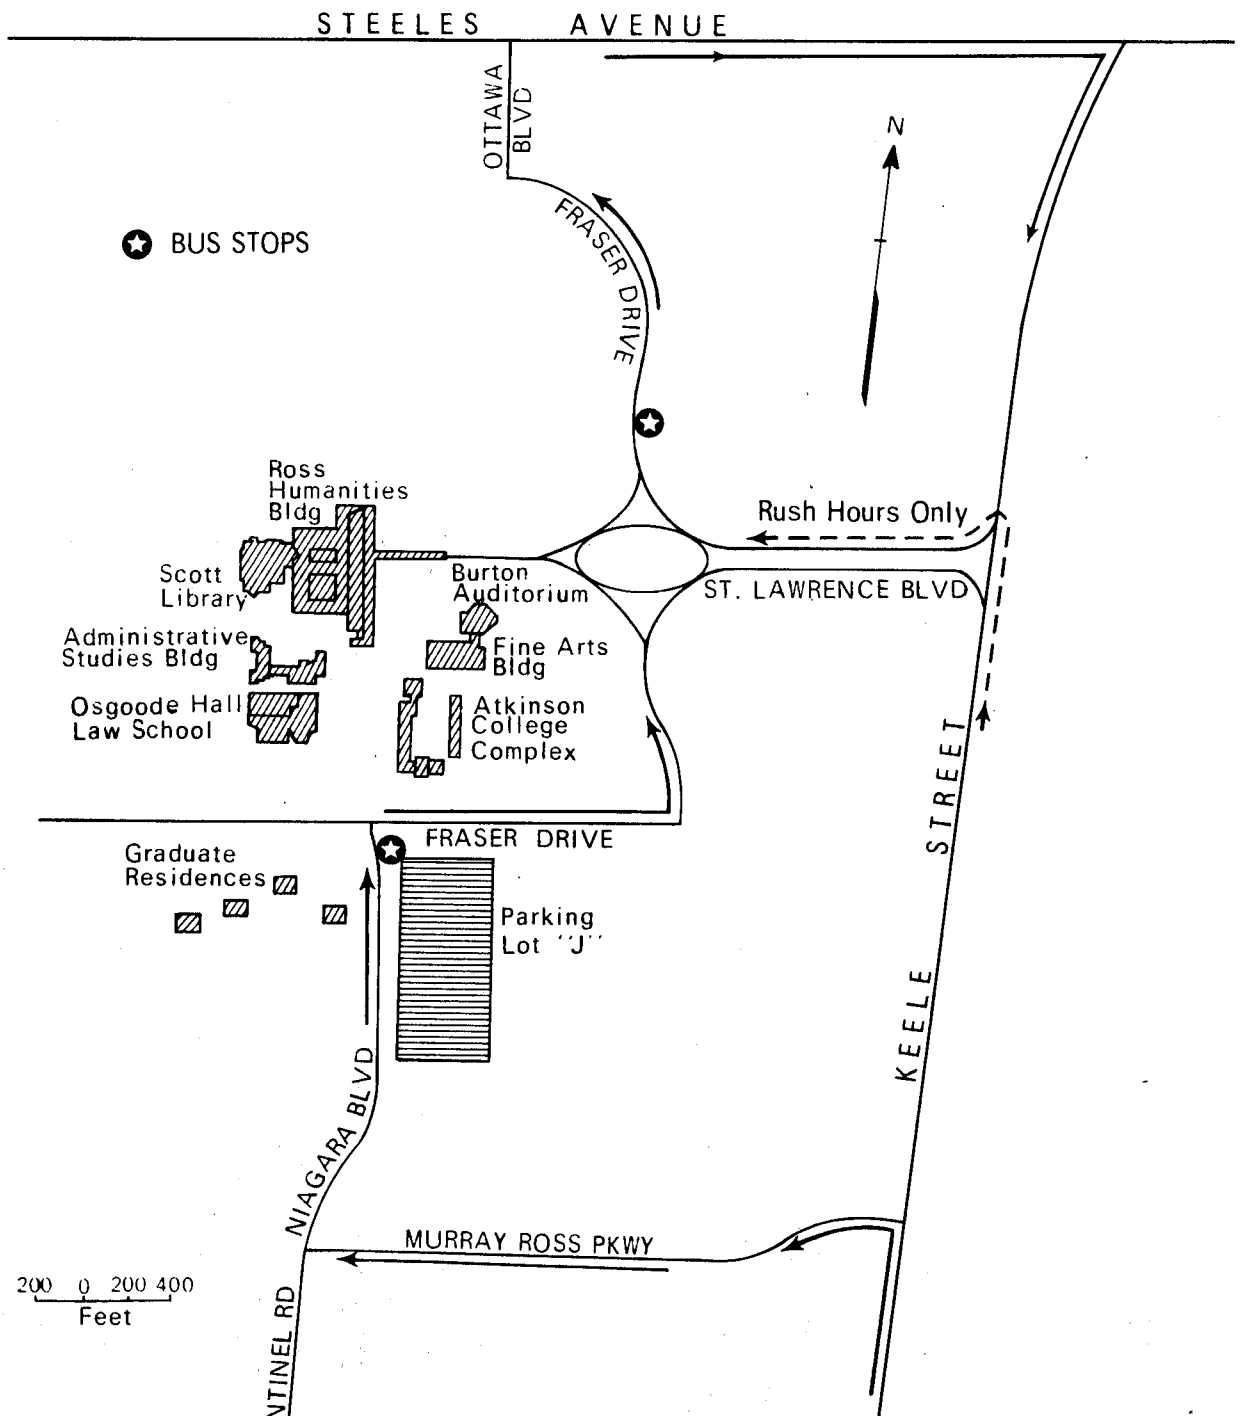

The service affected is route Keele 41B, which enters the campus at St. Lawrence Boulevard, has a stop near Winters College, and continues along Fraser Drive, entering Steeles Avenue by Ottawa Boulevard.

With the new service, the St. Lawrence entrance will continue to be used during rush hours only, that is, by those 41B buses that leave the Winters bus stop between 6:00 a.m. and 8:57 a.m., and by those buses that leave the Winters stop between 3:07 p.m. and 6:27 p.m. Detailed timetables are given below. (overleaf)

At all other times on weekdays, and all day on Saturdays, Sundays and holidays, all 41B buses will enter the campus by the Murray Ross Parkway, turn north on Niagara Boulevard to a new stop at parking lot 'J' (see map). They will continue along Fraser Drive to the Winters bus stop (which will continue to operate) and leave the campus by Ottawa Boulevard. Until a permanent bus stop is installed at parking lot 'J', the stop is designated a request stop and passengers should flag the bus down.

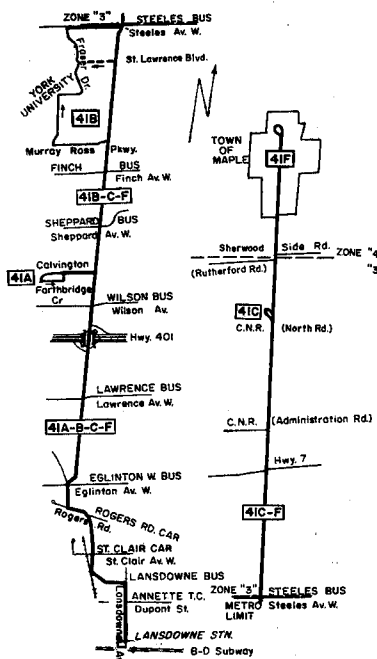

A limited number of additional copies of this announcement are available in the Department of Information and Publications, Room N803, the Ross Building (local 3441).

* TTC BUS SERVICE ON CAMPUS:

A resolution moved by Controller Barbara Greene of North York, and approved by the North York Council on May 28, requested that the TTC extend its on-campus bus route so that the four graduate residences would have better access to the service the TTC already provides on campus. The request for this service was approved by the TTC on June 12 and the new routing will go into effect on Sunday, July 22, 1973.

The service affected is route Keele 41B, which enters the campus at St. Lawrence Boulevard, has a stop near Winters College, and continues along Fraser Drive, entering Steeles Avenue by Ottawa Boulevard.

With the new service, the St. Lawrence entrance will continue to be used during rush hours only, that is, by those 41B buses that leave the Winters bus stop between 6:00 a.m. and 8:57 a.m., and by those buses that leave the Winters stop between 3:07 p.m. and 6:27 p.m.

At all other times on weekdays, and all day on Saturdays, Sundays and holidays, all 41B buses will enter the campus by the Murray Ross Parkway, turn north on Niagara Boulevard to a new stop at parking lot 'J'. They will continue along Fraser Drive to the Winters bus stop (which will continue to operate) and leave the campus by Ottawa Boulevard.

Until a permanent bus stop is installed at parking lot 'J', the stop is designated a request stop and passengers should flag the bus down.

A limited number of additional copies of this announcement (with map and timetables) are available in the Department of Information and Publications, Room N803, the Ross Building (local 3441).
