CONFERENCES, COURSES & SEMINARS:

July 2 - August 2: The Faculty of Education and the Centre for Continuing Education are sponsoring a five-week summer program in the Education of Exceptional Students. Each phase of the program will carry both York Education credit and Ontario Ministry of Education Certification in Special Education. A blend of lectures, seminars, workshops, discussion clubs, and daily practicum work with pupils are available to the participants.

July 7 - 12: The Department of Physical Education, under the sanction of the Ontario Amateur Basketball Association, is sponsoring a Basketball Seminar which will be held on the York campus. Boys and girls age 12 years and up and both male and female coaches will be participating. Sessions in officiating will be held to assist in understanding the technical aspects of the sport. Video tape analysis of each student will be an integral part of the program.

GENERAL

(cont'd.)

- * The Department of Physical Plant advises that a contract has been awarded for the paving of Moon Road and Parking Lot "DD", with work to commence approximately on July 5. During the construction period, parking on Lot "HH" (adjacent to Moon Road) will be restricted to permit the installation of a sewer and to allow alternative access to the Centre for Fine Arts Phase II and Atkinson Residence. Parking Lot "DD" will be paved in two phases so that parking in this area can continue on a reduced basis during the construction period. The gravel road between Parking Lot "DD" and the Administrative Studies Building will be permanently closed as of July 8 and incorporated into an expanded Lot "DD". As of July 8 the only access to Lot "DD" will be from the west. The cooperation of all users of these lots is requested in keeping their cars clear of the construction sites. Notices will be sent to holders of reserved permits for "HH" Lot, residents of the Atkinson College Residence, and occupants of the Centre for Fine Arts Phase II, advising of the dates during which parking will be restricted. It is anticipated that work will be completed in both areas by August 16, 1974.

GENERAL

- * The Canada Council announced the names of 100 Special M.A. Scholarship winners for the year 1974-75 recently. These scholarships, each worth \$4,000, go to Canadian students of exceptional promise at the Honours B.A. level for a year of graduate studies in the humanities or social sciences at a Canadian university. Winners were selected from among 588 candidates who were nominated by Canadian university faculty members. Applications were screened and ranked by four regional committees composed of Canadian university scholars representing the main disciplines of the candidates. Dr. Frederick Elkin of York was one of the regional chairmen this year. Two York students - J.S. Kuipers (Anthropology) and D.A. McKie (Sociology) - received scholarships.
- * The National Institute on Mental Retardation is presenting a five-day introductory training course on "Precision Teaching" from Monday, August 19 through Friday, August 23. The keynote speaker will be Dr. Ogden Lindsley, originator of the Precision Teaching Concept and Technique. The training course will focus on the history, development and application of precision teaching. It will examine the underlying principles involved, particularly its relevance to the Normalization principle. This training course will be of interest to early childhood educators, teachers, vocational and residential counsellors and personnel, program planners, parents and other human service personnel. Deadline for receipt of applications is August 2, 1974. For further information contact Mrs. B. Bonner, N.I.M.R., at 661-9611.
- * From July 22 to August 30 the Department of Physical Education is offering a physical fitness program based on the highly successful "Aerobics" program developed by Dr. Kenneth Cooper. This course is designed to measure an individual's present physical fitness level and to start participants on a personalized physical conditioning program. Classes will be held each Monday, Wednesday and Friday from 12:00 noon to 1:00 p.m. Fees for the course are \$12.00 and registrations are being taken by Miss Sharon Bryson in Room 302 of the Tait McKenzie Building. For further information call either Eric Willis (-3692) or Sharon Bryson (-2351).
- * All Departments and Grantees are reminded to sign-off and forward blue receiving copies of Purchase Orders to Purchasing, Room 65 of the Temporary Office Building, immediately upon receipt of goods or completion of services rendered. In the case of Part shipments, a photostat copy of the blue should be submitted, indicating which of the items has been received. Adherence to this necessary procedure will reduce the number of telephone calls that Purchasing is required to make to obtain the receiving documents.

GENERAL

- * Last winter, York University building temperatures were reduced to 72°F. This step was taken as part of a larger program to reduce operating costs and to conserve oil and gas reserves. The results have been encouraging and instrumental in freeing scarce University financial resources for other important uses. As part of this continuing effort, the Administration has approved the increase of building temperatures during this summer to 78°F. It is proposed that this measure be applied selectively on a trial basis, due to recognition being given to special requirements in various buildings. Members of the University community are asked for cooperation and support for this program.
- * The second Wednesday morning workshop, sponsored by the Music Department of the North York Board of Education and the Music Department of York University, will take place tomorrow from 9:30 a.m. - 12:00 noon in Room 017 of Winters College. The workshop is entitled "Sound Explorations I: Building Skills Through Exploring Sound" and the instructor is Miss Lorraine Ball, Music Consultant. Observers are welcome and may participate where possible.
