- * The Department of Physical Plant wishes to advise the Community that it has received clarification of how the recently approved tariff change which allows Bell Canada to charge 25¢ for certain calls to Directory Assistance (411) applies to telephone service at York and Glendon campuses. The basic points are as follows:-
 - * The charge applies only when the number given out by the Directory Assistance operator is listed in the telephone directory.
 - * It applies to all such Directory Assistance calls made from our centrex phones - i.e. those phones whose numbers contain the prefix 667 at York and 487 at Glendon. The first three calls each month are not free (as they are with Residence telephone service).
 - * Exemptions are allowed for "emergency" calls, calls made from payphones, and calls made by any person whose handicap prevents use of a directory.
 - * There are no exemptions for Floor phones in our Student Residences as they are classed as regular centrex phones.

GENERAL

(cont'd.)

* UNIVERSITY CLOSING DUE TO EXTREME WEATHER CONDITIONS: The approaching of winter calls for the annual notice of policy with regard to the closing of the University due to extreme weather conditions. As a large community with academic schedules to meet and many members to serve, the importance of avoiding disruption is evident. There are times, however, when public safety indicates temporary interruption of the regular routines of the University. Hopefully, such occasions will be rare. The information given below is provided for the guidance of York members. It should be noted that because a storm may coincide with special events such as examinations, visits by distinguished guests, and special meetings which would be particularly difficult to reschedule, it is not the intention of this policy to require the cancellation of such events. Whether or not they are cancelled is at the discretion of those directly responsible. When severe weather conditions occur before the University opens in the morning, on the authority of the President and the Chairman of Senate, an announcement suspending classes and office attendance will be made on the following radio stations as soon after 7:00 a.m. as possible:

CKEY (AM)

CBL (AM)

CHUM (AM)

CKFM (FM)

Radio York will carry the same message after 8:00 a.m. When severe weather conditions occur, or are reported as imminent by the meteorological services of the Provincial Government, after the University has opened for the day, on the authority of the President and the Chairman of Senate, the Office of the Vice-President (Administration) will notify the head of each major division and administrative department that the University will be closed from a specific time that day. The person so informed will then be responsible for passing on the message to everyone in his unit. Announcement will also be made over Radio York. Unless such announcements are made, members of the community will be expected to maintain regular schedules. [Office of the Vice-President (Administration)].

STAFF POSITIONS: The following vacancies are available to candidates from within the University Community:

- * On Thursday, November 21 the Volunteer Centre-North York is setting up an information day in the Bear Pit in Central Square. The Volunteer Centre is a referral and recruitment agency for various community groups and social agencies. It has files on about a hundred different agencies, and the purpose of the day is to give people at York a chance to find out what these various organizations do and what opportunities there are for volunteer work in them. A number of the agencies the Centre represents will also be setting up displays and giving out information on Thursday: Dellcrest Children's Centre, Bloorview Children's Hospital, the Red Cross Society of North York, and the Community Development Division of North York Parks and Recreation. Although the theme of the day will be volunteerism, these agencies will also be able to offer information and advice on career opportunities in the social services.

- * The York Auxiliary Bus System will be operating under a new timetable, beginning December 2. Copies of the new schedule will be available on Friday, November 22 at the following locations: York Bookstore, Atkinson College (Reception Desk), Student Accounts Office, Glendon College (Reception Desk), Lakeshore Teachers' College (General Office), Winters College (Reception Desk), Fine Arts (Reception Desk), and Information York. The announcement in the Bulletin on Tuesday, November 19 that the new schedule has been published was in error.

GENERAL

(cont'd.)

- * The Purchasing Department wishes to advise everyone that the 1975 calendar pads and refills are now available for distribution. Departments are asked to submit their requirements in writing to the Stationery Stores Department, Physical Plant Workshops, using a yellow Stationery Requisition form. As these are dated items, care should be taken in placing an order, since no refund or exchange will be permitted.

- * The Department of Physical Plant wishes to advise the Community that it has received clarification of how the recently approved tariff change which allows Bell Canada to charge 25¢ for certain calls to Directory Assistance (411) applies to telephone service at York and Glendon campuses.
The basic points are as follows:
 - * The charge applies only when the number given out by the Directory Assistance operator is listed in the telephone directory.
 - * It applies to all such Directory Assistance calls made from our centrex phones - i.e. those phones whose numbers contain the prefix 667 at York and 487 at Glendon. The first three calls each month are not free (as they are with Residence telephone service).
 - * Exemptions are allowed for "emergency" calls, calls made from payphones, and calls made by any person whose handicap prevents use of a directory.
 - * There are no exemptions for Floor phones in our Students Residences as they are classed as regular centrex telephones.
 - * The 25¢ charges will be itemized on Bell's monthly Long Distance statements and charged to the LD telephone accounts for each individual department.

Additional telephone directories are supplied at no charge by Bell Canada, who will also provide Personal (pocket-size) Directories upon request. Also, the York Handbook contains several blank pages for listing frequently called numbers. For further information on any of the above points, please contact this office at local -2337. The fullest cooperation of the Community in helping head-off an unnecessary waste of university funds is earnestly requested.

- * There will be no recreational swimming in the Tait McKenzie pool this Saturday. The pool has been reserved for a synchronized swimming meet.

STAFF POSITIONS: The following vacancy is available to candidates from within the University Community:
