- * Summer hours 1975 - York Campus - For the past four years the University offices have operated on summer hours from 8:30 a.m. to 4:30 p.m. from the beginning of Daylight Saving in April to the "return-to-school" after the Labour Day weekend. This practice will be continued this year from Monday, April 28 to Friday, August 29, 1975, both dates inclusive. In the past, in the few cases where the summer hours had an adverse effect on required operations, it was recognized that the regular hours should be retained. The basic purpose is to maintain effectively a wide variety of University services while recognizing the convenience to the majority of the community. A co-operative effort will ensure achievement of the dual objective. For a number of years Glendon College has been on a summer hours schedule comparable to the above and will continue the practice in 1975.
