EMERGENCY SERVICES CENTRE -3333

(Note: there are no events scheduled for Thursday through Monday)

GENERAL

- * Housing Office Notice: Of the 929 apartment units on campus, less than 7% will likely be available for new occupants in September 1975, as an unusually high number of tenants are renewing their leases. The number of applications now on file is over 1,500, of which nearly 50% have been on file for over 10 months. Although many applicants profess special circumstances, flexibility to meet special cases is virtually non-existent. Therefore, following established priorities, the limited spaces must be allotted to graduate and law students in order of application. While new applications will continue to be accepted, applicants are strongly urged to seek the assistance of the Off-Campus Housing Centre for alternative accommodation for the next academic year.
- * Effective Monday, August 11, the 1974/75 gate control cards for "AA" Lot will no longer activate the mechanism. Persons who have not obtained 1975/76 cards are requested to do so immediately.
- * Members of the community are reminded that a new Departmental Signing Authority Listing was published June 17, based on signing authority cards received by the Accounting Department. If additional signing authorities are required for specific accounts, please submit cards to General Accounting Services, Accounting Department, Temporary Office Building, by August 18 to enable service areas to be advised of the revisions by September. Cards may be obtained by calling local -3784.
- * The Copy Centre wishes to announce that Service Requisition forms are now available and may be obtained by calling local -3666 or by going to the Copy Centre which is located in Room S174 of the Ross Building between 9:00 a.m. and 4:00 p.m.
- * The Department of Physical Plant advises that paving work on parking lots GG and HH will be commencing Wednesday, August 6 (GG) and Thursday, August 7 (HH). Members of the community who use these lots are requested to assist in this work by parking well clear of the construction areas. Users of HH lot should park in J lot until such time as the lot is paved and lines painted.
- * Any members of faculty or administrative staff still holding items of academic dress are asked to return these to the Bookstore as soon as possible.
- * Off-Campus Housing reports that a number of houses are available in Toronto and environs for visiting or new members of faculty or staff. Particularly, the Housing Bureau is trying to rent a three-bedroom, furnished, lower duplex with a beautiful setting in King city for Professor Lary. For further information in regard to the above, call either Denys Brown (local -3441) or Professor Lary (1-833-5257).
- * A hard cover book entitled Pope: Poetical Works (ed. Herbert Davis; Oxford University Press) was lost by a York student in the Central Square area of the Ross Building. Anyone finding this book is requested to call Marie-Anne Gallagher at 667-6037 (Room 409, Winters College Residence).
- * Commencing Saturday, September 20 and continuing through the academic year, the Dance Department of the Faculty of Fine Arts will be offering classes for children in Creative Modern Dance (ages 5 and up) and Classical Ballet (ages 8 and up). Further information can be obtained by calling local -3243 or -6423.
- * Because of the need to separate Off-Campus Housing and Information York in August and September, Information York urgently requires extra voluntary staff. Anyone able to give one hour per week for one month, two months or permanently, is asked to call Denys Brown (-3441) or Information York (-6666).

GENERAL

- * Because of the need to separate Off-Campus Housing and Information York in August and September, Information York urgently requires extra voluntary staff. Anyone able to give one hour per week for one month, two months or permanently, is asked to call Denys Brown (local -3441) or Information York (local -6666).
- * The Summer issue of the York Women's Newsletter is now available and features the development of Y.U.S.A., the Women's Centre, an interview with Dale Ritch (president of C.Y.S.F.), the women's health movement, personnel practices, the life of a male nurse, a directory of organizations for women and much more. The Newsletter is published by a collective of women interested in women's issues both on and off campus and is distributed free of charge. Copies can be obtained at the following locations or call Lynn McFadgen, local -3249, in order to have one sent to a campus address: Room 222, Administrative Studies Building (Department of Theatre); Room S551, Ross Building (Department of Sociology and Anthropology); Room 214, Vanier Residence (Harbinger); Information York; Room 126, Osgoode Hall Law School (Osgoode Women's Caucus); and Room 257, Atkinson College (Women's Centre). The Newsletter needs staff to do writing, proof-reading, research, typing, layout and promotion. Anyone interested in helping should contact Lynn McFadgen at local -3249 (Room 222, Administrative Studies Building) or Jan Patterson at 636-3473. Members of the community are invited to send in poems, drawings, short stories, news items, essays and letters to the editor.

- * Re: Alterations, Renovations and Major Repair Projects - The summer break period, while a vacation period for most students and many faculty and staff, constitutes one of the highest peak work load periods for the Department of Physical Plant. The timing of approvals for projects funded from both capital and operating accounts and the requirement for completion of some of these projects prior to the commencement of the fall academic term creates a very significant work load during this period on personnel in the Building Services Co-ordinator, Draughting, Engineering, Furnishings and Trades sections of the Department. To assist in an orderly handling of all projects, a Project Planning Committee has been established within the Department. One of the functions of this committee is to assign project priorities. Health, safety and security, academic requirements, administrative requirements, including improved operation and economies, etc., are weighed into the priority rating assessment. In order that we may carry out all projects with maximum efficiency, adequate recognition of the following points by those with whom the project originates is considered most important.
 - 1) Please try to give the Department of Physical Plant as much lead time as possible on any approved project.
 - 2) In conjunction with the project co-ordinator, establish realistic required project completion dates.This will assist in:
 - permitting an orderly planning of all work and helping to keep peak man hour requirements to manageable proportions;
 - acquiring additional temporary help as may be required to enable the completion of the work when required;
 - allowing the pre-ordering of long-delivery items of equipment, etc.; and
 - carrying out the work at minimum cost through avoidance of hiring additional staff not really required, etc.
- * The Department of Physical Plant, Stationery Stores, announces the need to recover part of the costs for supplying Service Request Forms to the community from September 1/1975. A nominal charge of 20¢ per form will apply.

DAILY BULLETIN

Thursday August 21 - Monday August 25, 1975

EMERGENCY SERVICES CENTRE -3333

GENERAL

- * The Summer Hours work schedule now being followed by most of the University Offices will end as of the Labour Day Weekend. Normal hours for the winter months are 9:00 a.m. to 5:00 p.m. and will resume on September 2.
- * Status Report on Y.U.S.A.'s Application for Certification: Eight months have now elapsed since Y.U.S.A. filed its application with the Ontario Labour Relations Board (OLRB) in December 1974. As the University and Y.U.S.A. could not agree over which positions should be excluded from the proposed group that might be represented by Y.U.S.A., it was necessary for an OLRB Examiner to conduct a lengthy series of fact finding meetings at the University. These meetings have now been completed and the findings are being combined into a Report by the Examiner which he will forward to the OLRB to enable them to reach a decision on Y.U.S.A.'s application. This Report contains the facts as presented by all parties involved in the various meetings but in itself draws no conclusions and makes no recommendations. Upon receipt of the Report - expected quite soon - the OLRB will set a date for a formal Hearing at which time the University and Y.U.S.A. will present their separate arguments, each requesting the OLRB to reach a decision on the application consistent with that party's particular point of view. At the Hearing - probably to be set for late September or early October - the OLRB will consider the contents of the Report, listen to the various points of view and then reach a decision over the definition of the proposed Bargaining Unit - that is, which positions might properly be in the unit, which positions might be excluded. Following this Hearing the OLRB will review Y.U.S.A.'s membership numbers as of the date of the original application - December 1974 - and then either issue a certificate without any further proceedings or instruct that a vote among current bargaining unit members be taken. If the former is the case, negotiations to arrive at a Collective Agreement covering all persons in the bargaining unit could start. If the latter event is ordered a simple majority of the ballots cast at the time of the vote would determine whether or not a certificate would then be issued. Further information relating to the progress of the Application, including the date set for the Hearing when that has been set, will appear in the Bulletin.
