REPORT FROM PERSONNEL SERVICES ON Y.U.S.A. NEGOTIATIONS

YORK UNIV.
ARCHIVES

The University and Y.U.S.A. have not yet been able to reach agreement over all outstanding issues relating to terms or conditions of employment and therefore no formal Collective Agreement has been signed.

Although many provisions have been agreed upon - Seniority, Job Posting and Transfers, Job Evaluation, Insured Benefits, various types of Leaves and the formal Grievance and Arbitration procedure for instance - language covering Management Functions, and Union Membership Dues is still open. Final agreement has also to be reached over Salaries, Hours of Work, Paid Holidays, Vacations, Free Parking, and Second Language compensation.

A major concern expressed by Y.U.S.A.'s executive at the recent membership meeting and in its current bulletin, relates to the University's language covering the Management Function Article set out as follows:

All management functions and prerogatives which the University has not expressly modified or restricted by a specific provision of this Agreement are retained and vested exclusively in the University.

In the event it is alleged that the University has exercised any of the foregoing rights contrary to the provisions of this Agreement, the matter may be made the subject of a grievance.

However, in the event that a grievance is processed with respect to these functions and prerogatives an arbitration board shall be without jurisdiction to substitute its judgement for that of management where these functions and prerogatives are not specifically modified or restricted by the Agreement.

This Article states that the University has the same responsibilities and rights to manage the University following the signing of a Collective Agreement with Y.U.S.A. as it had prior to the establishment of Y.U.S.A.'s legal rights to represent certain employees except where these have been modified or restricted by a specific provision as set out in the Collective Agreement.

Of course the provisions and protection of the Ontario Labour Relations Act apply to the operation of the Collective Agreement and the second paragraph of the article above gives the assurance that any alleged violation of the terms of the Collective Agreement may become the subject of a grievance and therefore processed through the agreed upon Grievance and Arbitration procedure.

It is regretted that the misunderstanding over the meaning of this Article has proved to be a major problem in otherwise reaching a satisfactory Collective Agreement that could be signed by the University and Y.U.S.A. and it is hoped that the above may provide answers to some of the questions raised in regard to the meaning of the Article in question.

EMERGENCY SERVICES CENTRE - 3333

GENERAL

- * Of the 929 apartment units on campus, less than 7% will likely be available for new occupants in September 1976, as an unusually high number of tenants are renewing their leases. The number of applications now on file is over 1,700 of which nearly 50% have been on file for over ten months. Although many applicants profess special circumstances, the housing office's flexibility to meet special cases is virtually non-existent. Therefore, following established priorities, the limited spaces in Graduate and Married Students Residence are allotted to graduate and law students in order of application. In Atkinson College Residence, priority will be given to Atkinson students. While new applications will continue to be accepted, applicants are strongly encouraged to seek the assistance of the Off-Campus Housing Centre for alternative accommodation for the forthcoming academic year.
- * The Convocation Office wishes to advise all prospective graduating students that the University Senate has authorized the withholding of degrees from students who owe over \$25.00 in library fines and/or overdue library books beyond a period of sixty days. Students are encouraged to settle any outstanding accounts as soon as possible in order to avoid jeopardizing their graduation this Fall. Enquiries should be directed to the Circulation Desk of the appropriate library.
- * Commencing Saturday, September 25 and continuing through the academic year, the Dance Department of the Faculty of Fine Arts will be offering classes for Children in Creative Modern Dance (ages 5 and up), Jazz classes (ages 11 and 12), Mime (ages 9 and up), Classical Ballet (ages 8 and up), and a class for "Mothers and Tots" (ages 2 1/2 to 4). For further information interested persons should call either local -3243 or -6423.
- * The Toronto-Dominion Bank in Founders College will reopen on Tuesday, September 7, maintaining the same hours as last year.
- * Members of the York community are asked to note that Fall term classes in the Osgoode Hall Law School begin on Monday, August 30. First-year law registration commence at 8:30 a.m. that day.
- * The Office of Research Administration will not have anyone available to sign applications on Monday or Tuesday, August 30 and 31.
- * All full-time support staff and faculty should note that effective July 1, 1976, the Group Life Insurance Benefit equals 3X salary to age 65. At age 65, the Life Insurance Benefit equals 1X salary. Those employees whose Life Insurance was previously reduced due to age may note a change in taxable benefits.
- * Members of the York University Pension Plan are reminded that the Department of National Revenue has recently increased the limit of contributions to a Pension Plan for 1976 from \$2500 per annum to \$3500 per annum or 20% of income, whichever is greater. For further information call -2228.
- * Volunteers are requested for participation in a research project. Appointments (weekdays only) will be taken until 6:00 p.m. Interested persons may call Barbara Znaniecki at local -2279/2511 between 8:30 a.m. and 4:30 p.m. until Friday, August 27.
