## GENERAL

- \* Members of the York University Pension Plan are asked to note that income tax was incorrectly calculated on the January 1977 salary pay run. IMPORTANT NOTICE

TO: FULL-TIME MEMBERS OF FACULTY AND PROFESSIONAL LIBRARIANS  
(excluding Osgoode Hall Law School faculty)

---

As you will know, the Collective Agreement of November 29, 1976 between York University and the York University Faculty Association is now in effect. The Agreement establishes that any full-time faculty member or professional librarian in the bargaining unit represented by YUFA who was not a member of YUFA as of November 29, 1976 will have an amount equal to the monthly YUFA fees, dues, or assessments deducted from his/her pay each month. These monies will be paid over to YUFA, unless an individual in this category files with the Vice-President (Employee and Student Relations) a notice stating that he/she does not, on grounds of affirmatively expressed religious belief or personal conviction, desire such monies to be remitted to YUFA, in which case an equivalent amount shall be remitted to one of the following student aid funds, as specified by the individual:

John Barber Award  
George A. Edwards Memorial Bursary  
Desmond Hart Memorial Fund  
Ruth Hill Memorial Scholarship Fund  
George Michie Fund  
Friends of Glendon Fund  
Glendon for Students Fund  
York University General Bursary Fund  
Lucille Herbert Memorial Fund.

Income tax receipts for these remittances will be issued by the Accounts Department.

The Collective Agreement called for notices as per the above to be filed with the Vice-President (Employee and Student Relations), by January 15, 1977. However, because the period of "stay" of YUFA's interim certificate extended beyond January 15, 1977, the University and YUFA have agreed that this deadline be extended to February 4, 1977.

Individuals wishing to exercise their opt-out right, and who have not done so in response to earlier notices, may therefore submit notices of intent to me up until 5:00 p.m., Friday, February 4, 1977.

Consistent with the requirements of the Collective Agreement, notices pursuant to the above, to be acceptable, must set out clearly the grounds of the belief or conviction being asserted.

William D. Farr  
Vice-President (Employee and Student Relations)  
Room S906, Ross Building.

## \* University closing due to extreme weather conditions:

As a large community with academic schedules to meet and many members to serve, the importance of avoiding disruption is evident. There are times, however, when public safety indicates temporary interruption of the regular routines of the University. Hopefully, such occasions will be rare. The information given below is provided for the guidance of York members. It should be noted that, because a storm may coincide with special events such as examinations, visits by distinguished guests, and special meetings which would be particularly difficult to reschedule, it is not the intention of this policy to require the cancellation of such events. Whether or not they are cancelled is at the discretion of those directly responsible. When severe weather conditions occur before the University opens in the morning, on the authority of the President, and the Chairman of Senate, an announcement suspending classes and office attendance will be made on the following radio stations as soon after 7:00 a.m. as possible:

CKEY (AM)      CHUM (AM)      CFRB (AM)      CBL (AM)      CKFM (FM)

Radio York will carry the same message after 8:00 a.m. When severe weather conditions occur, or are reported as imminent by the meteorological services of the Provincial Government, after the University has opened for the day, on the authority of the President and the Chairman of Senate, the Office of the Vice-President (University Services) will notify the head of each major division and administrative department that the University will be closed from a specific time that day. The person so informed will then be responsible for passing on the message to everyone in the unit. Announcement will also be made over Radio York. Unless such announcements are made, members of the community will be expected to maintain regular schedules.

Weather conditions may vary greatly with the time of day. Hence, on the basis of information secured late in the afternoon, the Dean of Atkinson College will determine whether or not the evening session will be cancelled. If so, an announcement will be made on the radio stations listed above.
