A.I.B. AND THE Y.U.S.A. AGREEMENT

On March 16, 1977, the University was advised that the Anti-Inflation Board had reviewed the compensation increases set out in the University/Y.U.S.A. Collective Agreement, and had judged these increases to be larger than acceptable under the Anti-Inflation Programme. The negotiated compensation increases, along with those changes to terms and conditions of employment equated by A.I.B. to compensation, totalled 10.94% when expressed in the A.I.B. definitions and reporting formats. The A.I.B. decision was that, in its view, a maximum of 8% was allowable.

University representatives immediately arranged to go to Ottawa to discuss and seek clarification of the Board's reasons for arriving at its decision. This meeting, which took place on March 22, 1977, also involved discussion of the applicability of various Technical Bulletin decisions the A.I.B. had issued since the University's submission last October. It was decided that the University would seek permission for a re-submission to A.I.B., revised in the light of these Technical Bulletins (Following the University's meeting, members of Y.U.S.A.'s executive met with Mr. Guest, of A.I.B.'s Compensation Branch, and have confirmed the University's impression that there is strong possibility of A.I.B. granting a review in our case.).

Subsequently, the University, in association with Y.U.S.A., has written to the Director of the Public Administration Division of the A.I.B., advising that the University is submitting the necessary forms for further consideration, and that the revised figures are being developed accordingly. The University has also requested that, pending re-examination, it be exempted from any requirement to implement the A.I.B. decision to roll back increases and recover any previous payments in excess of the A.I.B.-approved figures. Consequently, as of this date the University has planned no action to either reduce salary levels or deduct any "over payment" of previous earnings.

The University wants to see the Agreement maintained, consequently, it is our hope that the A.I.B. will reconsider its decision in order that alterations in the terms of the existing Agreement would be unnecessary.

Other Bulletins will report on this matter as further concrete information becomes available.

For two weeks following the release (until May 6) Senate Committees will study the document, digest its contents, and prepare their comments for Senate. Study sessions in other forums would also be appropriate during this period. May 25, 26, and 27 have been set aside for special Senate meetings devoted entirely to consideration of the Report. Senate's conclusions, whenever they are formed, will then be prepared for implementation, which could itself be a lengthy process.

It should be emphasized that the Commission is not a decision-making body. Its Report constitutes only the beginning and not the end of the process by which Senate, its Committees, the Board of Governors, and the Administration, with the support and assistance of the York community, attempt to reach the goals the University sets for itself. For further information, please telephone the Commission's Executive Secretary at 667-3065.

Copies of the Report will be available for pick-up by all interested members of the York community late Wednesday afternoon, April 20, and all day Thursday and Friday at Information York, first floor, Ross Building. The following week, copies may be obtained from the Communications Department, Room S802, Ross Building. At Glendon College, copies may be picked up in the Principal's Office, Room C203, York Hall, starting Thursday, April 21. The Report will also be placed in the Reserve Reading Rooms of the Scott and Frost Libraries.

SPECIAL INFORMATION MEETING

Early in March President H. Ian Macdonald identified the need for a conference of Canadians "from all walks of life" to meet and discuss the problems faced by our country...a "national town hall meeting" with the whole country participating in a coast to coast dialogue.

Among those responding to this idea was Premier William Davis who welcomed the suggestion and proposed that Mr. Macdonald serve as Chairman of such a conference to be held at York University, with funds being made available from the Province to cover costs.

The Premier's Advisory Committee on Confederation, of which Mr. Macdonald is Chairman, would offer suggestions and advice on the conference and government personnel would be available to provide back-up services where requested by the University.

The President has since struck an Executive Planning Committee for the conference, to be held from June 27-29 and called *Destiny Canada Destinée*. From the University, Rodger Schwass, Dean of Environmental Studies, will be responsible for York participation in the conference and development of the project beyond the conclusion of the forum. Stan Fisher, Director of Communications, will be in charge of Coordination and Communications. Working with him will be Jack Moore, Conference Manager, who will organize operational aspects of the conference and Doug Tindal, Communications Department, who will be involved with public and media relations. They will add to their complement as needed and operate out of offices in Room 111, Central Square, presently on loan to *Destiny Canada Destinée* from *Excalibur*.

President Macdonald invites interested members of the York community, particularly those who would like to become involved in some aspect of the conference, to attend informational meetings in the Senate Chamber, Ross Building, at 2:30 p.m. on Tuesday, May 3, or in the Senate Chamber, Glendon College, on Thursday, May 5 at 1:30 p.m.
