As a large community with academic schedules to meet and many members to serve, the importance of avoiding disruption is evident. There are times, however, when public safety indicates temporary interruption of the regular routines of the University. Hopefully such occasions will be rare. The information given below is provided for the guidance of York members.
The decision to cancel all classes or close the offices in the University is the responsibility of the Chairman of Senate and the President respectively.
When the decision is made during regular working hours, the Office of the Vice-President (University Services) will notify the designated representative of each Faculty/College and administration department that offices will be closed and/or classes cancelled from a specific time. The person so informed will then be responsible for passing on the message to members of the unit. An announcement will be made as soon as possible after the decision has been made and, in any case, not later than 4:00 p.m. over the following radio stations: Radio York, Radio Glendon, CKEY (AM), CHUM (AM), CFRB (AM), CBL (AM) and CKFM (FM).
When the decision is made before the University opens in the morning, the Emergency Services Centre will be notified and an announcement suspending classes and office attendance will be made on the above designated stations as soon after 7:00 a.m. as possible.
Unless such announcements are made, members of the community will be expected to maintain regular schedules. Please do not telephone!!!" [W.W. Small, Vice-President (University Services)]
- * The Department of Physical Education and Athletics has established "Sports Hotline", a pre-recorded message which provides up to date information on all recreation schedules and intercollegiate games as well as special events taking place at York. - * "Cancellation of Classes/Closing of Offices due to Bad Weather Conditions: It's the time of year again when winter winds, precipitation and temperatures combine on occasion to make driving dangerous. As a large community with academic schedules to meet and many members to serve, the importance of avoiding disruption is evident. There are times, however, when public safety indicates temporary interruption of the regular routines of the University. Hopefully such occasions will be rare. The information given below is provided for the guidance of York members.
The decision to cancel all classes or close the offices in the University is the responsibility of the Chairman of Senate and the President respectively.
When the decision is made during regular working hours, the Office of the Vice-President (University Services) will notify the designated representative of each Faculty/College and administrative department that offices will be closed and/or cancelled from a specific time. The person so informed will then be responsible for passing on the message to members of the unit. An announcement will be made as soon as possible after the decision has been made and, in any case, not later than 4:00 p.m. over the following radio stations: Radio York, Radio Glendon, CKEY(AM), CHUM(AM), CFRB(AM), CBL(AM) and CKFM(FM). When the decision is made before the University opens in the morning, the Emergency Services Centre will be notified and an announcement suspending classes and office attendance will be made on the above designated stations as soon after 7:00 a.m. as possible.
Unless such announcements are made, members of the community will be expected to maintain regular schedules. Please do not telephone!!" [W.W. Small, Vice-President (University Services)]
