- * Summer Production - Central Duplicating: Recent staffing changes on campus (notably those involving changes from full-time to sessional appointments) could, in certain cases, have the effect of pushing deadlines for the preparation of duplicated material -- particularly for courses -- to the end of the summer rather than at dates spread through May, June and July. This may occur in only a few cases, but Central Duplicating would appreciate it if work with a September deadline is submitted during the summer months. Work submitted in late August and September will be handled on a first come, first served basis.
- * Members of the community are asked to note that from June 23 to August 18, the Centre for Continuing Education's 667-3403 telephone number has been re-assigned to another University faculty. Calls to the Centre's Administrative Officer and Financial Department should be made on 667-3486.
