EMERGENCY SERVICES CENTRE -3333

GENERAL

- * On Saturday, October 18, as part of the Homecoming '80 events, there will be the Dedication of the Alumni Grove (directly south of the Ross Building, between the Administrative Studies and Fine Arts Building) at 1:00 p.m. The grove will consist of approximately fifteen rare trees such as the Tulip Tree, the Magnolia, the Kentucky Coffee Tree, the Scarlett Oak and the Flowering Dogwood.
- * University Statement on Possible Strikes by YUSA or CUEW: If mediation sessions scheduled for October 16 (YUSA) and October 18 (CUEW) should fail to produce settlements, it is possible that either or both of these unions may elect to strike the University. YUSA is already in a position legally to strike, and CUEW will be in that position from Sunday, October 19, 1980.
It is the objective of the University to reach an amicable settlement with both unions during the mediation sessions. If that proves impossible and a strike occurs, the University intends to continue its operations. Those members of a striking bargaining unit who elect to cross picket lines will be paid at their regular rate; those not reporting to work will not be paid. No paid vacation, sick leave, or other leaves will be paid for members of a striking bargaining unit during the period of a strike. Any salary overpayments will be recovered in subsequent pays. Employees not in a bargaining unit on strike are expected to report for work as usual.
Picket Line Rights and Responsibilities: It is now well established in Ontario that forming a picket line during the time a Union is in a legal strike situation is not in itself illegal, nor is it illegal to communicate information or for a member of a picket line to use peaceful persuasion on an employee about to enter the premises picketed.
On the other hand, it is entirely legal for members of a striking bargaining unit to cross a picket line, and it is a legal offence for pickets to use force, threats, or threatening gestures to block access to premises, to conduct themselves in such a way as to constitute a nuisance at law or an unlawful assembly, to trespass, to interfere by force with employees who wish to work, or to use threats or moral pressure amounting to compulsion. Mass picketing which has the effect of preventing students or employees from entering the University or prevents free passage of cars, trucks or goods in or out, similarly constitutes illegal picketing. The University does not intend to allow any picketing on the campus itself, and will insist that it be limited to the periphery.
In summary then, pickets are legally permitted to do certain things. They may carry signs stating the nature of the dispute. They may ask you to honour their picket line but they have no right to threaten you either verbally or physically to enforce that request. They are supposed to keep moving and the Union is not allowed to place so many strikers in front of an entrance to the campus that free passage in and out by non-striking staff is prevented.
All reasonable steps must be taken to avoid violence or other incidents on the picket line; the University will arrange for police surveillance of the picket lines to the extent necessary. In the event that entrance to the campus is prevented, employees other than those in the striking bargaining unit should inform their Supervisor or Department Head/Chairman by telephone that they are unable to report to work. Although this information has had to be published today, it continues to be the hope and expectation of the Administration that negotiations on Thursday and Saturday will produce settlements and that this announcement will prove to have been unnecessary.

DROP-IN-DAYS

Once again, York will welcome members of the Public to Drop-In-Days from Monday, October 27 to Saturday, November 1, 1980.

Drop-In-Days was a great success in February 1980 and it's coming back in an expanded form next week. For the six days and evenings, York is offering the public the opportunity to actually participate in the life of the University, to sit in on regular lectures, and to become involved with the many social and cultural activities on campus.

As Drop-In-Days students, members of the Toronto community will be able to experience first hand the vitality of the University, the excellence of teaching, and the breadth and depth of the courses offered, while obtaining a better understanding of York University and its role in today's society.

Both the York and Glendon campuses are participating in this event. Every faculty and academic department at York is involved in Drop-In-Days, and many are presenting special lectures, seminars and other events for the week, in addition to opening regular classes to accommodate visitors.

Drop-In-Days brochures have been distributed to individuals, numerous associations, community centres, schools and libraries throughout Metro, and the entire project is being publicized by the media.

To register for courses, members of the public are being asked to call 667-2200. Callers can choose from a list of available lectures and a space will be reserved for them.

Upon arrival at the York or Glendon campuses, visitors should go to the reception area where they will be able to pick up an information kit containing a detailed calendar of Drop-In-Days events and "admit-to-lecture" card(s).

RECEPTION AND REGISTRATION AREA IS LOCATED IN THE SECOND FLOOR FOYER OF THE ROSS BUILDING, NORTH TOWER, ON THE YORK CAMPUS, AND IN ROOM C105, YORK HALL, ON THE GLENDON CAMPUS.

Many Drop-In-Days guests will be wearing red and white lapel buttons that say "Student for a Day", and carrying information folders. To the unfamiliar visitor, the campus is a confusing place and it's easy to get lost. The cooperation from all staff, students and faculty next week in welcoming Drop-In-Days students and helping them to reach their destinations on campus will be appreciated.

HELP MAKE THIS A SUCCESS!

"YORK UNIVERSITY WEEK"
OCTOBER 27TH -- NOVEMBER 1ST, 1980

York University was established in 1960 and is celebrating its twentieth year in 1980. Since its inception, York has become firmly established in Canada and internationally as an institution of higher learning, recognized for excellence and innovation in undergraduate and post graduate studies, and as a centre of academic research.

The University has pioneered in many new and unique directions such as Fine Arts, Environmental Studies, Canadian Studies and Women's Studies. York has a notable reputation for its Law and Business faculties and its Science centres such as CRESS (Centre for Research in Experimental Space Science) and CREQ (Centre for Research on Environmental Quality).

Over the past 20 years, York has tried through all of its activities to live up to its motto: TENTANDA VIA ... "THE WAY MUST BE TRIED!".

On behalf of the Members of Council, I, Mayor Mel Lastman, do hereby proclaim the week of October 27 - November 1, 1980 as "York University Week" in the City of North York and urge all citizens to visit the York and Glendon Campuses and take part in the special activities which have been planned for this occasion.

UNIVERSITY STATEMENT CONCERNING PROPOSED CUEW CONTRACT

Following agreement between the University and any union negotiating team, the University routinely refrains from any public statement regarding the terms of the settlement until the membership has had the opportunity to vote on it. In this case, events subsequent to negotiations require a departure from that practice.

On Friday, October 24, 1980, the CBC-TV program "Newshour" included a segment dealing with relations between CUEW and York University. The program focussed on a discussion paper on long-term planning in the Faculty of Arts, released earlier in the week by Dean Harold Kaplan, and the CBC misinterpreted one section of that paper to be a statement of a University policy to effect budget cuts and major reductions in part-time faculty appointments for 1981-82. Dean Kaplan's discussion paper is a long and complex document; the examination of specific parts of it out of the context of the whole led to misunderstandings of its intent. Dean Kaplan's comments on part-time faculty describe his Faculty's existing practice of requiring departments to justify requests for part-time appointments on an annual basis, in order to ensure that part-time resources can be allocated each year to the points of greatest need. The result of this process in the last two years has been an increase in part-time academic jobs. Indeed, contrary to "Newshour's" assertions, Dean Kaplan's paper advocates neither budget cuts nor faculty reductions.

York University has not yet established its budgeting policy for 1981-82. In making its budget decisions, the University will do all that it can to mitigate the impact of underfunding. Any base budget reductions, and especially the impact of any cutbacks on academic programmes, will be the minimum possible consistent with fiscal integrity. At the same time, it would be irresponsible to commit the institution to a total maintenance of any major category of the University's expenditures, given the realities of funding inadequacies and in advance of our overall review of next year's budget needs.
