EMERGENCY SERVICES CENTRE -3333

The shared logic system - the 5520 - will be specifically presented at 2:30 p.m. on each afternoon of those two days. The demonstrations will take place in the Faculty Lounge (8th floor) of the Ross Building.
- * **Snow Emergency:** Members of the community at the York campus are advised that when a Snow Emergency is declared by Metropolitan Toronto or at the University, the following restrictions on parking will be imposed in order to facilitate snow removal:
 - 1) curbside parking will not be permitted in the peripheral (unreserved) lots;
 - 2) between midnight and 8:00 a.m., no parking will be permitted on any campus roads including those where parking is normally allowed (viz. Ottawa Road and the road adjacent to the Temporary Office Building);*and
 - 3) between midnight and 8:00 a.m., no parking will be permitted in any reserved area (excluding HH lot)* (*The University reserves the right to suspend parking temporarily in any area for emergencies - York Campus Parking and Traffic Regulations 1980/81.)Snow Emergency conditions in Metropolitan Toronto will be broadcast on local radio stations and if it is found necessary to declare an emergency at the University at any other time, announcements will be carried by Radio York; "Snow Emergency" signs will also be displayed at entrances to the parking lots. The degree of cooperation shown by members of the community will determine the effectiveness of snow removal. Problems arise with the substantial number of vehicles belonging to residents which are parking overnight on campus. The above measures will enable a more efficient use to be made of snow removal equipment, particularly during the night hours, which should prove beneficial to all.

The purpose of this workshop is to contribute to informed discussion on the critical questions raised in the debate on the role of the voluntary sector and reform of the charitable deduction. Five papers will be presented with each author speaking for a half-hour; presentations will be followed by an hour's discussion on the topic. To register, call Neil Brooks at local -3010; since registration might have to be limited, interested persons are asked to do so as soon as possible (there is no registration fee).
