GENERAL

- * The Institute for Behavioural Research announces the opening of a new Statistical Consulting Service on October 3, which will offer assistance to faculty, students, and external clients who are engaged in research that employs statistical methods. Statistical consultation is available free of charge to members of the university community. External clients will be charged for consulting services in conformity with general IBR policies. Investigators with research grants, and especially those doing contract research, are encouraged to include funds for consultation in their research budgets. Assistance is available either on a drop-in basis or by appointment. For further information, please call -3026 or visit Room 367, Administrative Studies Building.
- * A National Universities Week conference - "Universities and Communities: Changing Roles and Responsibilities in the 80s" - will be held at York on October 6. Presidents of York, University of Toronto, Guelph University and Laurentian University will address the Conference and delegates from all Ontario universities will attend. Members of the York community are asked to contribute any information about outreach programs, special activities for the public and accessibility of resources to share with other universities and the press. Please contact Elspeth Heyworth, Community Relations Office, 140B Central Square, local -3756.
- * The Career Centre and the Canada Employment Centre on Campus will co-sponsor "Career Day" on Wednesday, October 5 from 10:00 a.m.-3:00 p.m. in Central Square. Company profiles, job information and career opportunities will be available for York students and recent alumni. Two workshops will be held prior to Career Day: the first on Tuesday, September 27 in Room S169, Ross Building from 10:00 a.m.-11:00 a.m.; and the second on Thursday, September 29 in Room S130, Ross Building from 2:00 p.m.-3:00 p.m. For more details contact Terri Farkas, Employment Counsellor, at -6673. To sign up for Career Centre Workshops call -2518.
- * The Department of Safety and Security urges those university departments or individuals inviting guests, or arranging functions where visitors will be present, to please inform the Parking Office Co-ordinator in adequate time so that arrangements can be made to ensure that they are not inconvenienced. Arrangements can be made for the payment of fees by the department concerned if for any reason it is felt that visitors should be asked to pay for their parking, and where large groups are concerned a "group payment" can be arranged with the Parking Office, which is normally lower than if individuals paid separately. Departments which feel that they have good reason to request a special dispensation should communicate directly with C.G. Dunn, Director of Safety & Security Services at -3767. Parking Control personnel have no way of differentiating between an invited visitor's car and that of a member of the community who has not purchased a parking decal; therefore, it is hoped that by making prior arrangements for parking, problems can be avoided.

PROVOST

Responsible for Student Affairs
and Non-Faculty Colleges
York University

President H. Ian Macdonald invites letters of application from members of the full-time faculty of York University, for the new position of Provost. Following from York's administrative re-organization in January, 1983, and from the work of the President's Task Force on Student Services and Non-Faculty Colleges, the position has been established at the Vice-Presidential level to provide for concentrated attention to the nature and quality of York's student services and College system.

The Provost will hold the senior responsibility for the administration of the York Colleges and the University's Student Service Departments, as well as for matters of non-academic dispute adjudication and student discipline. He/she will report to the President and will have reporting to him/her the Assistant Vice-President (Student Relations), and other officers with responsibilities bearing on student services. Among the first and most important of the Provost's duties will be the initiation of a thorough effort to define the objectives and most effective organization of York's various student and community services, along with ways in which resources might be marshalled behind those objectives. As an integral part of this effort, the Provost will assist the York Colleges in addressing their academic missions and facilitating their full participation in the academic community.

The Provost will be a full-time member of the York University Faculty, with strong academic and administrative experience, and a record of sensitivity to both the academic and non-academic needs and concerns of York's students. The Provost will in all likelihood retain some academic duties. The term of office is to be initially five years, subject to renewal by mutual agreement. It is hoped that an appointment can be made with effect from January 1, 1984.

GENERAL

NOMINATIONS FOR THE AWARD OF DISTINGUISHED RESEARCH PROFESSORSHIP

The Distinguished Research Professorship was established at York University in 1982 and the following were the first recipients at the Spring Convocation, 1983: Professor R.W. Nicholls (Physics & CRESS), Professor J. O'Neill (Sociology), Professor H.O. Pritchard (Chemistry and CRESS), and Professor B. Rowland (English). The Faculty of Graduate Studies is now calling for nominations for this Professorship to be awarded in 1984 Spring Convocation. Any fulltime faculty member can nominate under the criteria established by the Senate and published in this week's Gazette (Volume 14, Issue 3).

It would be expected that a Distinguished Research Professorship would be awarded for life and would evolve into a Distinguished Research Professorship Emeritus upon retirement. Continued involvement in the intellectual life of the University following retirement would be encouraged.

The nominator should elucidate in the letter of nomination how the nominee fulfils all the requirements described under the criteria. Nominations should be sent A.S.M. Saleuddin, Associate Dean, Faculty of Graduate Studies, Room N919, Ross Building, on or before December 1, 1983.

GENERAL

CASINO YORK-THURSDAY, OCTOBER 27-11:00 a.m.-3:00 p.m.-WINTERS/MCLAUGHLIN DINING HALLS

The Winters/McLaughlin Dining Halls will be transformed into a bona fide casino for a day and members of the community will have the chance to try their luck at CASINO YORK. A \$2 ticket is redeemable for a free hot dog, five gambling chips, and a chance on a fabulous door prize - an American Airlines trip for two to Las Vegas plus \$500 (U.S. funds) in American Express traveller's cheques. Tickets are available from CASINO YORK's Key Area Representatives (listed in the Tuesday, October 18 BULLETIN). In addition, all non-academic staff will receive a two-hour lunch so that they may have time to participate in the various games of chance. Blackjack, wheels of fortune and horse races are among the activities to be enjoyed.

VOLUNTEERS FOR CASINO YORK are asked to report to the Volunteer Room, located in the Winters College Masters Dining Room (which may be reached via the door at the far end of Winters Dining Hall), a few minutes ahead of their shift to receive a CASINO YORK "Las Vegas visor" and instructions on their duties.

- * President Macdonald invites members of the York community to submit black-and-white line drawings suitable for reproduction as a Christmas card, on the theme "The York Scene". Sixty dollars will be paid for the sketch chosen. Work submitted should include the artist's name and return address and may be sent to the Office of the President, Room S949, Ross Building, before November 1, 1983.
- * Teams from 48 high schools across Ontario will compete in six skill testing and problem-solving events at York's Science Olympics, hosted by the Faculty of Science, on the York campus Saturday, October 29. At the close of the day-long competition, prizes will be awarded to the best three teams in each event, and the Science Olympics trophy will be presented to the high school team which is the overall winner.
- * Atkinson College is presenting a series of free lectures for senior citizens at the Bernard Betel Centre for Creative Living (Steeles and Bathurst). The next talk is "The Dead Sea Isn't Dead, It's Moving" - with Natural Science Professor Harry Leith, at 10:00 a.m. on Tuesday, November 1. Open to all senior citizens, the lectures will be delivered by Atkinson College professors. For further information call -2464.
