EDUCATIONAL LEAVE: CALL FOR APPLICATIONS

PREAMBLE:

The 1983-84 Collective Agreement between the Board of Governors of York University and YUFA contains a provision for educational leave.

A Committee on Educational Leaves has been established and is charged with soliciting and deciding upon employees' applications for educational leaves.

The purpose of the Educational Leaves programme is to provide "opportunities for probationary or tenured/continuing appointment employees to take educational leave for approved plans of study for purposes to include, but not to be limited to, attainment of a higher level of professional flexibility and better qualifications for internal transfer." Forms of professional development in which the foreseeable measurable benefit will be principally to the individual also fall within the ambit of the educational leave clauses.

Nature of the Awards:

The Educational Leaves Committee will be awarding release-time to an aggregate maximum of nine Course Director equivalents. Applicants may apply for leave for an entire academic year or a portion thereof. They may also apply for leave spread over more than one year.

In its assessment of applications the Educational Leaves Committee will apply the following criteria: timeliness, feasibility, and the anticipated benefits to the institution and to the individual.

Procedures:

Applicants for educational leave must submit the following information:

(1) A proposal in the form of a letter or statement, complete with a rationale that addresses the questions of timeliness, feasibility and anticipated benefits and any other matters that the applicant considers relevant to his/her case.

(2) Two letters of reference or support.

The Committee will routinely solicit comments on applications from Chairpersons or equivalents and/or Deans. All letters of assessment are open to applicants. GENERAL

EDUCATIONAL LEAVE: CALL FOR APPLICATIONS

PREAMBLE:

The 1983-84 Collective Agreement between the Board of Governors of York University and YUFA contains a provision for educational leave.

A Committee on Educational Leaves has been established and is charged with soliciting and deciding upon employees' applications for educational leaves.

The purpose of the Educational Leaves programme is to provide "opportunities for probationary or tenured/continuing appointment employees to take educational leave for approved plans of study for purposes to include, but not to be limited to, attainment of a higher level of professional flexibility and better qualifications for internal transfer." Forms of professional development in which the foreseeable measurable benefit will be principally to the individual also fall within the ambit of the educational leave clauses.

Nature of the Awards:

The Educational Leaves Committee will be awarding release-time to an aggregate maximum of nine Course Director equivalents. Applicants may apply for leave for an entire academic year or a portion thereof. They may also apply for leave spread over more than one year.

In its assessment of applications the Educational Leaves Committee will apply the following criteria: timeliness, feasibility, and the anticipated benefits to the institution and to the individual.

Procedures:

Applicants for educational leave must submit the following information:

- (1) A proposal in the form of a letter or statement, complete with a rationale that addresses the questions of timeliness, feasibility and anticipated benefits and any other matters that the applicant considers relevant to his/her case.
- (2) Two letters of reference or support.

The Committee will routinely solicit comments on applications from Chairpersons or equivalents and/or Deans. All letters of assessment are open to applicants. The deadline for submission of applications is January 15, 1984. The Committee has set February 15, 1984 as the date by which applicants will be informed of the decision on their applications.*

Applicants wishing further information may call the Chairperson of the Committee, Dean Ron Bordessa at -2461, or the Secretary of the Committee, Fran Bonisteel -2464.

*Article 19.16(b) will be amended to reflect these dates.

The University will conduct a physical resources field survey on York and Glendon campuses in the immediate future. This survey is designed to verify current information related to the use and occupancy and condition of all University space. It has been authorized by G.G. Bell, Vice-President, External Relations & University Services, and will be coordinated by the Department of Facilities Planning & Management. To ensure success of this important project, it is essential that all personnel provide accurate and current information when contacted by the survey team. Your cooperation will be appreciated.
