- * Cancellation of Classes/Closing of Offices due to Bad Weather Conditions
It is the time of year again when winter winds, precipitation and temperatures combine on occasion to make driving dangerous. As a large community with academic schedules to meet and many members to service, the importance of avoiding disruption is evident. There are times, however, when public safety indicates temporary interruption of the regular routines of the University. Hopefully, such occasions will be rare. The information given below is provided for the guidance of York members. The decision to cancel all classes or close the offices in the University is the responsibility of the Chairman of Senate and the President, respectively. When the decision is made during regular office hours, the Office of the Vice-President (External Relations & University Development) will notify the designated of each Faculty/College and administrative department that offices will be closed and/or classes cancelled from a specific time. The person so informed will then be responsible for passing on the message to members of the unit. An announcement will be made as soon as possible after the decision has been made and, in any case, not later than 4:00 p.m. over the following radio stations:
Radio York Radio Glendon CKEY(AM) CHUM(FM) CFRB(AM) CBL(AM) CKFM(FM)
When the decision is made before the University opens in the morning, the Emergency Services Centre will be notified and an announcement suspending classes and office attendance will be made on the above-designated stations as soon after 7:00 a.m. as possible. Unless such announcements are made, members of the community will be expected to maintain regular schedules and are asked to telephone the Office of the Vice-President (External Relations & University Development).
