EMERGENCY SERVICES CENTRE - 3333

To All Students:

On behalf of the Board of Governors and members of the University Administration may I extend our sincere sympathies to those who suffered from the actions of the pranksters involved in the tear gas incident of A.M. Saturday, March 23, 1985.

I understand that three young men have been questioned by the Police and two have been formally charged. These three individuals were not students of the University but invited guests to a campus function.

I wish to take this opportunity to assure you that York University is committed to your personal safety and well being and every reasonable effort has been taken to make York a secure working and educational environment.

H.W. Arthurs
President
